PAVABALL

**POWERFUL
IRRITANT
DEFENSE**

DESCRIPTION

NON-LETHAL DEFENSE

PavaBall projectiles burst on impact, engulfing the target in a cloud of irritant. The immediate effects include temporary blindness, nausea, coughing, and intense burning - disabling the target for up to an hour. PAVA irritant has been trusted for decades by global security agencies.

CRUSH FACTOR TECHNOLOGY

Hard plastic shells used by other brands tend to bounce off the target harmlessly, leaving you vulnerable. PavaBall is built with Crush FactorSM Technology, the latest advancement in non-lethal projectile design. Specialized materials and molds ensure every ball bursts reliably on impact to stop attackers.

LAB FORMULATED

High Performance Liquid Chromatography (HPLC) tests are performed on every batch of irritant to ensure maximum stopping power.

SPECS

IMPACT CLOUD	3-6 FEET
--------------	----------

PAYLOAD	IRRITANT
---------	----------

FORMAT	POWDER
--------	--------

VOLUME	3.1 G
--------	-------

IRRITANT	10% PAVA
----------	----------

CALIBER	.68
---------	-----

SHELF LIFE	2 YEARS
------------	---------

TEMPERATURE	32°-100° F
-------------	------------

USE WITH
HERO[®] 2020
