

HERO®LITE™

Stay Safe, Stay Visible

Prepare yourself and your loved ones for unexpected emergency situations with HERO®LITE™, the 4-in-1 personal safety device that fits in the palm of your hand. Deter and surprise attackers, attract attention, and carry as a backup source of power wherever you go.

HERO®LITE™ fits in your pocket or purse for convenient carrying and is easily operated with the push of a button.

Feel confident and secure with a HERO®LITE™ in hand.

4-in-1 Safety Features

BLINDING STUN LIGHTS

Blind and stun the target with strobing red, white, and blue lights. The blazing lights are so bright they're painful to look at, forcing the attacker to look away, while creating a visible beacon for anyone nearby.

DEAFENING 130DB ALARM

Draw attention and startle the target with an ear piercing 130dB alarm. As loud as a jet engine at take off, the deafening sound physically hurts to be near and can easily be heard by others in a wide radius.

EMERGENCY POWER BANK

Be prepared for any emergency with backup power. Charge your device with the built in USB port. The 2600mAh capacity ensures you'll have enough battery to contact emergency services and more.

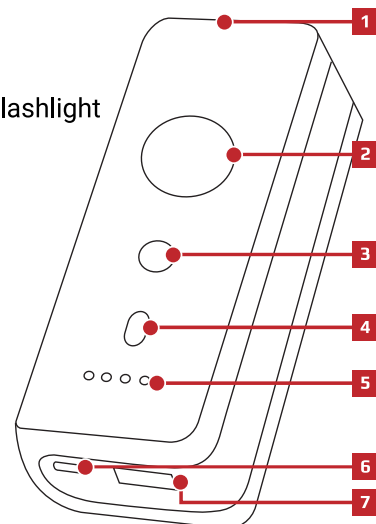

BRILLIANT FLASHLIGHT

Light up any space with the built in flashlight. Whether you're walking at night or passing through a dimly lit area, you'll have bright light and instant access to the alarm and stun lights if danger appears.

Easy to Operate
